## PROMISE Survey

### Prolactinoma from a Patients' Perspective:

**Anonymous** survey study conducted by a research team in Basel (Switzerland):

Link

<https://redcap.dkfbbasel.ch/surveys/?s=LFL9TMW8WWPTKRD8>

So far, very little research has focused on how patients themselves experience their symptoms and treatment.

This survey aims to better understand patients' experiences with treatments, possible side effects and complications, and includes a new questionnaire to assess mental health and quality of life.

**Research Group Clinical Neuroendocrinology**
